Projects organized chronologically; project details may change due to weather or other factors.

A) Bascom-Lathrop utility project
Ongoing work to continue until summer 2022
Lathrop Drive thru access closed, no access available from Park Street. Lot 5 east parking closed until mid-to-late September 2021. Some pedestrian walkways are closed. Follow detour signs on site.
**See Inset 2 for more details

B) Sellery Hall steam project
until late 2021
Under road utility work. South lane of Johnson Street closed between the bus stop outside Sellery Hall up to Lake Street.
East Campus Mall at Johnson Street closed starting August 16. Johnson Street southern sidewalk and lane closed as well, from approximately the Sellery Hall bus stop until Lake Street.
Project completion dependent on weather, currently expected by early 2022.
**See Inset 3 for more details

C) Babcock Hall addition
until early 2022
Much of Lot 40 east closed by Babcock Hall. A temporary driveway available west of the Stock Pavilion; the “Farm Place” driveway is closed. Two-way traffic allowed on Babcock Drive from Linden Drive to east Lot 40.

D) Charter Street water valve replacements
until Spring 2022
Work at two intersections of Charter Street will involve lane and sidewalk closures, with severity of closures increasing in fall 2021 and spring 2022.

Johnston Street phase - Second phase to start late fall 2021. Southmost lane of Johnson Street closed between Charter and Mills Streets. Northbound Charter Street lane closed between Dayton Street and the Lot 56 driveway.

University Avenue phase - to start September 13, 2021. One lane (bus and right turn lane) closed near the intersection of University Avenue and Charter Street. Sidewalk also closed. Closure first phase will last through October 2021.

E) Mills Street closure
Two-way traffic to open late summer 2022
Mills Street closed between University Avenue and Johnson Street for Chemistry addition-related work. Detour using Brooks, Charter, or Park Street.
The west University Ave. crosswalk at Mills closed until project completed. East side of Mills sidewalk maintained, west sidewalk closed.
**See Inset 1 for more details

F) Chemistry addition project
until 2022/Chemistry addition completed
Lot 55 closed until project completed. East side of Mills sidewalk maintained, west sidewalk closed.

G) Veterinary Medicine addition cont.
Access to Wisconsin Veterinary Diagnostic Lab available using bridge over Willow Creek, accessed from Walnut Street. Various sidewalks and lane closures; follow detour signage on site. Southern sidewalk along Observatory Drive closed; bus stop relocated to the east of Colwood Drive, in front of Lot 67.

H) Natatorium replacement
until Spring 2023
Lot 57 closed for GymNat replacement project. Westbound stop on Observatory Drive remains open.

Future projects

I) Parking stall line repainting project
September 18-19, 2021
Line painting in Lot 54 and 45 will close the two lots to vehicles September 17 (evening) – September 19.

J) Area / route closure

K) Detour or route altered

L) Lane affected by construction

M) Route open
