Closed bus stop

Updated August 15

Inset 1 | West Campus Closures and Recommended Routes

In August several building construction sites are located near University Ave. and University Bay Drive. Projects impacting campus vehicle traffic include:

- The University Veterinary Medicine Addition and Natatorium Replacement & Recreation Center projects currently are under construction.
- The Veterinary Medicine construction site.
- The Veterinary Medicine construction site.

During August, vehicle traffic impacts may be experienced on the following streets:

- University Ave.
- Highland Ave.
- Observatory Dr.
- Lakeshore Path
- Willow Creek

Current impacts and detours:

- Traffic heading north and west may detour through Campus Drive.
- University Ave. will be closed between Willow Creek and Highland Ave. Traffic lanes in both directions are available. Detour via Highland Ave. for bus detour information, see mymetrobus.com.
- Lot 202 park and ride shuttle will detour via University Ave. and Highland St.
- The Elm Dr. shuttle stop will not be available.
- Metro Transit routes 11, 38, 44, 80, and 84 detour. For bus detour information, see mymetrobus.com.

Detour via Highland Ave.

Route 6 detours from Lakeshore Drive through the end of August. For detour maps, see mymetrobus.com.

Traffic has been detoured via Highland Ave. to avoid congestion.

Current impacts:

- Westbound University Ave. traffic lanes closed between Willow Creek and Campus Drive. Traffic lanes in both directions are available. Detour via Highland Ave. to avoid congestion.
- Lot 202 and site detours available.
- Metro Transit routes 11, 38, 44, 80, and 84 detour.

Pedestrian impacts:

- Current impacts

- (A) Pedestrian routes near University Avenue/University Bay Drive impacted by City of Madison construction project. For details and alerts, visit cityofmadison.com.
- (B) Lakeshore Path near Willow Creek intermittently impacted by Odar construction. Please follow signage on site. (Not pictured on map)
- (C) Pedestrian impacts near Veterans Ave. and Willow Creek construction sites. Please follow signage on site.
- (C) Pedestrians and cyclists should allow construction.

Recommended route:

- Westbound University Ave. Traffic lanes closed between Willow Creek and Highland Ave.
- Traffic lanes in both directions are available. Detour via Highland Ave. to avoid congestion.
- Lot 202 and site detours available.
- Metro Transit routes 11, 38, 44, 80, and 84 detour.
