Updated September 15, 2021
Vehicle traffic impacts
• Mills Street between Johnson Street and University Avenue closed to two-way traffic until mid 2022. Northbound vehicles can reach Conklin Place.
• A single lane of northbound traffic on Charter Street between Johnson Street and University Avenue is closed until the completion of the Chemistry addition project (spring 2022). Lot 55 closed during Chemistry project.

Transit impacts
• Mills Street between Johnson Street and University Avenue is closed. Routes 4, 13, and 44 detour.

Metro Transit detour information can be found at mymetrobus.com.

Pedestrian impacts
• West side north/southbound crosswalk along Mills Street near the Chemistry building is closed; detour to east crosswalk.

Bicycle impacts
• Mills Street between Johnson Street and University Avenue is closed to two-way traffic until late 2022.

What’s coming
• The Charter Street water utility project will close the northbound lane of Charter Street between Dayton and Johnson Streets again in late fall 2021 until early spring 2022.

See transportation.wisc.edu for updates on traffic impacts due to construction. Dates subject to change.
Campus construction - Lot and Street Impacts/Closures Map |Inset 2

Pedestrian impacts
Note: placement of fences and sidewalk closures for work may vary. Follow the detours as marked by signs on site.
• The east-west pedestrian path from Park Street toward Music Hall / the Law Building is unavailable. Detour around Music Hall to the north or around Chadbourne to the south.
• Pedestrian access across Lathrop Drive between the Law Building and the University Avenue sidewalk will remain open.

Bicycle impacts
• Thru-traffic not allowed on Lathrop Drive.

Vehicle traffic impacts
• Thru-traffic not allowed on Lathrop Drive.
• Access only available from Charter Street.
• Several areas of Lot 5 (east) closed for work. Closures to last until mid-September 2021.

Visit the Bascom-Lathrop project page facilities.fpm.wisc.edu/bascom-lathrop-utility-project/ for updates

What’s coming
• Observatory Drive impacts to come late 2021 - mid 2022.

See transportation.wisc.edu for updates on traffic impacts due to construction. Dates subject to change.
Pedestrian impacts
Note: placement of fences and sidewalk closures for work may vary. Follow the detours as marked by signs on site.
• North-south sidewalk along Park Street nearest Sellery Hall (between Johnson Street and Dayton Street) closed. Expected closure lasts into September 2021.
• East Campus Mall at Johnson Street closes August 16, 2021. East-west sidewalk from just west of East Campus Mall until Lake Street also closed. Expected closure until early 2022, possible delays depending on weather conditions.

Bicycle impacts
• East Campus Mall at Johnson Street closed August 16, 2021. East-west sidewalk from just west of East Campus Mall until Lake Street also closed. Expected closure until early 2022, possible delays depending on weather conditions. Follow detour signage. Please be aware of pedestrians and walk bicycles on sidewalk areas.

Vehicle traffic impacts
• Northbound right lane of Park Street between Dayton Street and Johnson Street closed. Expected closure lasts into September 2021.
• Southern lane of Johnson Street closed from the Johnson & Park bus stop up to Lake Street. Expected closure until early 2022, possible delays depending on weather conditions.

What’s coming
• No updates

See transportation.wisc.edu for updates on traffic impacts due to construction. Dates subject to change.
