Projects organized chronologically; project details may change due to weather or other factors. Children’s (Lot 63) Garage

- **A)** Chemistry project - crane removal October 11-17, 2020
  - Removal of the crane for the Chemistry addition project. Two lanes of University Avenue will remain open for westbound traffic. Bike lanes closed—walk bike along north sidewalk.

- **B)** Lot 82 stall impact for crane placement October 17-31, 2020
  - Lot 82 stall closures for placement of a crane for work on the roof of the Waisman Center. Drive lane slightly altered and some stalls temporarily relocated during this work.

- **C)** Observatory Dr. closure by Natatorium October 7 for early November 2020
  - Observatory Drive closed between Easterly Lane and Willmor Drive for Natatorium and new parking structure related construction work. Metro bus stops and park and ride stops relocated to Linden Drive.

- **D)** Bascom-Lathrop utility project
  - Package 2 started early September 2021
  - Project Phase 1 to last through November 2020
  - Lathrop Drive closed to through traffic—Lot 115 and some western Lot 5 sections accessible from Charter Street and main section of Lot 5 accessible from Park Street.
  - June 6 - November 2020 - Southbound lane of Park Street closed between Langdon Street and Lathrop Drive/Lot 5 Driveway. Detour using Charter or Lake Street.
  - **See Inset 2 for more details**

- **E)** Linden Drive parking facility construction
  - Until early Winter 2020
  - Part of Lot 62 closed. Project includes underground utility work, which has closed several sidewalk areas.
  - **See Inset 3 for more details**

- **F)** Mills Street closure
  - Two-way traffic to open early 2021
  - Mills Street closed between University Avenue and Johnson Street for Chemistry addition related work. Detour using Brooks, Charter, or Park Street.
  - The west University Ave. crosswalk at Mills closed until project completed. East side of Mills sidewalk maintained, west sidewalk closed.
  - **See Inset 1 for more details**

- **G)** COVID-19 testing sites until late April 2021
  - vicinity of Harry Mall testing site closed after October 2. Porter Boat House drive-thru and pedestrian site open October 6.

- **H)** Babcock Hall addition
  - Until Spring/Summer 2021
  - Much of Lot 40 east closed by Babcock Hall. A temporary driveway available west of the Stock Pavilion; the “Farm Place” driveway is closed. Two-way traffic allowed on Babcock Drive from Linden Drive to east Lot 40.

- **I)** Chemistry addition project
  - Until 2023/Chemistry addition completed Lot 55 closed until 2022 (end of Chemistry construction)
  - The eastern sidewalk near the Chemistry Building is closed; pedestrians should use the west side sidewalks. One University Avenue lane closed from N. Brooks Street to N. Charter Street until the completion of the Chemistry addition project. Temporary bike lane and sidewalk area created above centroid bike lane and south sidewalk.

- **J)** Observatory Dr. closure by Natatorium
  - October 7 for early November 2020
  - Observatory Drive closed between Easterly Lane and Willmor Drive for Natatorium and new parking structure related construction work. Metro bus stops and park and ride stops relocated to Linden Drive.

- **K)** Natatorium replacement
  - Until Spring 2020
  - Lot 57 closed for GymNat replacement project. Bus stop to remain open.

- **L)** Willow Creek pedestrian/bicycle bridge closure
  - Closed until further notice
  - Bridge needs repairs, structural analysis to be conducted to determine next steps.

**Future projects**

- **I)** Linden Drive closure at Babcock Hall
  - October 21, 2020
  - Linden Drive closed for repaving in front of Babcock Hall. This will restrict thru-traffic on campus to one route. Easterly Lane to Linden Drive to Elm Drive to Observatory Drive. Lot 45 behind the Stock Pavilion only accessible by approaching from Elm Drive.

- **II)** Dayton Street closure Charter to Mills Fall 2020
  - Dayton Street between Charter and Mills Street will be closed for repaving. The Route 80 bus will detour to John Street between Charter and Park Streets. Single day closure.

*Updated October 16, 2020*

Projects organized chronologically; project details may change due to weather or other factors. 
*City of Madison project information can be found at cityofmadison.com*
Vehicle traffic impacts
- Mills Street between Johnson Street and University Avenue closed to two-way traffic until early 2021. Northbound vehicles can reach Conklin Place.
- A single lane of northbound traffic on Charter Street between Johnson Street and University Avenue is closed until the completion of the Chemistry addition project (spring 2021). Lot 55 closed during Chemistry project.

Transit impacts
- Mills Street between Johnson Street and University Avenue is closed. Routes 4, 13, 27, and 44 detour.

Metro Transit detour information can be found at mymetrobus.com.

Pedestrian impacts
- West side north/southbound crosswalk along Mills Street near the Chemistry building is closed; detour to east crosswalk.

Bicycle impacts
- Mills Street between Johnson Street and University Avenue is closed to two-way traffic until early 2021.

What’s coming
- Date TBD - Dayton Street to close between Charter Street and Mills Street for paving. Route 80 buses will detour to Johnson Street from Charter Street to Park Street. Single day closure.

See transportation.wisc.edu for updates on traffic impacts due to construction. Dates subject to change.
Pedestrian impacts

Note: placement of fences and sidewalk closures for work may vary. Follow the detours as marked by signs on site.

- The main pedestrian paths between the Education Building the Law Building is unavailable. Detour to the west toward the North and South Hall pedestrian path or use the pedestrian path along Observatory Drive.
- "Through" pedestrian access for Bascom Hill should detour to paths along Observatory Drive or south to the Lathrop Drive area to avoid closed areas—refer to marked detours on site.
- Pedestrian bridge connecting Bascom Hill and the Humanities Building will remain open throughout work. Crosswalk connecting Bascom Hill and State Street Mall also available.

Vehicle traffic impacts

- No through-traffic on Lathrop Drive. Lot 115 (contains UW Disabled permit stalls) and western section fo Lot 5 are only available from Charter Street. Primary section of Lot 5 is only accessible from Park Street.
- Lincoln Drive closed. Use Charter or Park Streets.

Bicycle impacts

- No updates

What’s coming

- No updates

New/updated items denoted by "[NEW]"
reviewed 10/16/20

Vehicle traffic impacts
• Observatory Drive closed between Easterday Lane and Willow Drive. East-west traffic detours onto Linden Drive (reopened). Closure October 7 - [NEW] early November.
• Lot 57 closed until early 2023 (completion of Gym-Nat replacement).

Transit impacts
• Metro Transit buses detour off Observatory Drive to Linden Drive for the stretch between Babcock Drive to Easterday Lane. Park and ride shuttles will allow detour.

Bicycle impacts
• Observatory Drive closed between Easterday Lane and Willow Drive. East-west traffic detours onto Linden Drive (reopened).

Pedestrian impacts
• Partial closure of the southern sidewalk along Observatory Drive. Detour to northern sidewalk.
• Northern sidewalk closed along Linden Drive near the Linden Drive garage site--from Farm Place to the entrance to the Vet Med building.
• ADA pathway created that connects the Natatorium to Lot 62 to the Vet Med building.

What’s coming
• [NEW]*Observatory Drive closure extended until early November.
• [NEW]*Linden Drive in front of Babcock Hall will be closed on October 21 for repaving. This will restrict thru-traffic travel for west campus to Easterday Lane, Linden Drive, Elm Drive, and Observatory Drive.

See transportation.wisc.edu for updates on traffic impacts due to construction. Dates subject to change.
