**Current projects**

A) Bascom-Lathrop utility project
   - Phase 2 started early September 2019
   - Construction is ongoing
   - Lot 57 closed for Gym/Nat replacement project. Bus stop on Observatory Drive to remain open.

B) Mills Street closure
   - Two-way traffic to open late 2021
   - Mills Street closed between University Avenue and Johnson Street for Chemistry addition related work. Detour using Brooks, Charter, or Park Street.

   - The west University Ave. crosswalk at Mills closed until project completed. East side of Mills sidewalk maintained, west sidewalk closed.

C) COVID-19 testing sites
   - There are four testing sites now open on campus.
   - Each location has a dedicated parking area for those coming to be tested. These areas are marked with special “COVID-19 TESTING” reserved signs.
   - For information on all testing sites, please see covidresponse.wisc.edu/testing.

D) Babcock Hall addition
   - Until early 2022
   - Much of Lot 40 east closed by Babcock Hall. A temporary driveway available east of the Stock Pavilion, the “Farm Place” driveway is closed.
   - Two-way traffic allowed on Babcock Drive from Linden Drive to east Lot 40.

E) Chemistry addition project
   - Until 2022/Chemistry addition completed
   - Lot 55 closed until 2022 (end of Chemistry construction).
   - The sidewalk east of the Chemistry Building is closed; pedestrians should use the west side sidewalk.

F) Chemistry addition project cont.
   - One University Avenue lane closed from Brooks Street to Charter Street until the completion of the Chemistry addition project.
   - Temporary bike lane and sidewalk area created above contraflow bike lane and south sidewalk.

G) Willow Creek pedestrian/bicycle bridge closed
   - Closed permanently, to be replaced
   - Bridge closed permanently due to structural issues, will be replaced in the future.

**Future projects**

I) Veterinary Medicine addition
   - Spring 2021 - Spring 2022
   - Lot 62 and Easenaday Lane to be permanently closed, an area is absorbed for an addition to the Veterinary Medicine campus. A temporary bridge will be added over Willow Creek to transport building materials.
   - Area sidewalks and lane closures will occur.

II) Charter Street water valve replacements
   - Spring 2021 - Spring 2022
   - Work at three sections of Charter Street (Dayton, Charler, University) will involve lane and sidewalk closures, with severity and breadth of closures increasing in fall 2021 and spring 2022.

III) Lathrop Drive - utility work
   - Summer 2021 - early Spring 2022
   - Through access restricted and may be unavailable at times.

IV) Sellery Hall steam project
   - Summer 2021
   - Under road utility work. South lane of Johnson Street to close between the bus stop outside Sellery Hall up to Lake Street.

V) Kohl Center addition
   - Summer 2021 - Spring 2023
   - Lot 78 and 88 to close for duration of the project. A temporary bridge will be placed over East Campus Mall to help bring in construction supplies.

Concrete plants are closed for the winter. Major projects will begin in the spring; details will be shared closer to the expected start dates.

For more parking info visit transportation.wisc.edu

**Map notes:**
- Projects are detailed on the map. For more details, please see the online version of the map.
- Lot and street impacts/closures are marked on the map.
- The map is updated regularly with new information.
- For more information, please visit the City of Madison project information at cityofmadison.com
Access closed on Mills Street between Johnson Street and University Avenue.

**Vehicle traffic impacts**
- Mills Street between Johnson Street and University Avenue closed to two-way traffic until late 2021. Northbound vehicles can reach Conklin Place.
- A single lane of northbound traffic on Charter Street between Johnson Street and University Avenue is closed until the completion of the Chemistry addition project (spring 2022). Lot 55 closed during Chemistry project.

**Transit impacts**
- Mills Street between Johnson Street and University Avenue is closed. Routes 4, 13, 27, and 44 detour.

Metro Transit detour information can be found at mymetrobus.com.

**Pedestrian impacts**
- West side north/southbound crosswalk along Mills Street near the Chemistry building is closed; detour to east crosswalk.

**Bicycle impacts**
- Mills Street between Johnson Street and University Avenue is closed to two-way traffic until early to mid-2021.

**What’s coming**
- No updates

See [transportation.wisc.edu](http://transportation.wisc.edu) for updates on traffic impacts due to construction. Dates subject to change.
Pedestrian impacts
Note: placement of fences and sidewalk closures for work may vary. Follow the detours as marked by signs on site.
• The pedestrian paths between the Education Building, Science Hall, the Law Building, and the Music Hall are partially unavailable. Detour using available paths, including the path connection between the Education and Law Buildings.
• Pedestrian bridge connecting Bascom Hill and the Humanities Building will remain open throughout work. Crosswalk connecting Bascom Hill and State Street Mall also available.

Bicycle impacts
• None

Vehicle traffic impacts
• None
