

## UW-Madison 2020-21 Fall semester | Graduate student parking options

Permit and pass availability will vary and may be limited. Purchases can be completed in person at a Transportation Services office or via the contactless drive-thru location at the 21 N. Park Street office. (Some purchases may be completed online—see the corresponding purchase options.)

Note: “UW employment” for the purposes of this chart means an appointment as a TA, RA, Fellow, etc. These types of appointments mean you are likely to be able to purchase certain products online. If you are unable to do so, purchases can be completed at any Transportation Services office.
