

Start Using the State of Wisconsin Vanpool for your Commute to Work

Finding the Right Route for You

- The State of Wisconsin Vanpool has many existing routes from various communities outside of Madison—Milwaukee, Spring Green, Beloit, Wisconsin Dells, and so many in between. Check out the existing routes by [clicking here](#).
- If you live in a location that does not currently have a vanpool route, consider starting one. Fellow riders can be anyone who works in Madison—State, UW, UW Hospital and Clinics, or employees of any private business. Email me at lisa.popke@Wisconsin.gov to begin the process of starting a new van route.
- Once you find the right route for you, call or email the coordinator listed on the [webpage](#).
- Fares are easily paid thru payroll deductions if one is an employee of the State of Wisconsin, UW Madison, or UW Hospital and Clinics. Employees of private businesses can pay by check.
- We offer cab rides home in the event of an emergency and you are needed home before the end of your workday or if you should feel sick and cannot remain at work.

For program information, vanpool times, routes, coordinator contacts, and how to enroll, visit our web site:
