Welcome to the Flex Surface parking program

What is Flex Surface?

Flex Surface is a pay-per-use parking system designed to complement alternatives to driving such as biking, walking and transit. There is no up-front or monthly cost. You pay to park only when you use the permit.

Therefore - the less you park, the less you pay!

How does Flex Surface work?

You must create an account with ParkMobile to pay for parking.

You must pay for an entire parking session whenever you use your Flex Surface permit to park during a lot’s hours of enforcement.

You must set up an account and pay for parking through our third-party vendor, ParkMobile. There are three ways to pay with ParkMobile: mobile app, online, or by phoning in.

How to park in your assigned lot

• Properly display your hangtag on your rear view mirror.
• At the start of each parking session, pay with ParkMobile by mobile app, online, or by phone.
• When paying with ParkMobile, enter the 5-digit zone number printed on your Flex hangtag and confirm the license plate number of the vehicle you are parking.

Flex disabled permit holders: use zone code 25099.

• Select the number of hours you plan to park. Note: selecting “max rate” before 4:30 pm will set your parking session to 12 hours.
• Flex rates begin when you enter the lot and end upon exit. There is no grace period.

How to park in alternate surface lots after hours

• Flex permits are valid in any surface lot where UW permits are required from 4:30 pm - 7 am Monday through Friday, and all day Saturday and Sunday.
• Enter the 5-digit zone number located on the back of your Flex hangtag when paying with ParkMobile to park in alternate surface lots after hours.
